

# AFPX-C14R FP-X C14R PANASONIC Original PLC Programmable Controller Gold Supplier

|                         |                           |
|-------------------------|---------------------------|
| Model                   | AFPX-C14R FP-X C14R       |
| Brand                   | PANASONIC                 |
| Product Series          | Panasonic FP-X            |
| Status                  | Discontinued / Obsolete   |
| Power Supply            | 100-240V AC               |
| I/O Configuration       | 8 digital inputs (24V DC) |
| Program Capacity        | 16K steps                 |
| Basic Instruction Speed | 0.32 $\mu$ s              |
| Expansion Capability    | Up to 8 modules           |
| Installation            | DIN rail mounting         |
| Operating Temperature   | 0°C to 55°C               |

## Note:

Invshop recommends that you inquire with the original factory or its agents about the latest production status and technical information about AFPX-C14R FP-X C14R. The product parameters displayed on Invshop are entered by Invshop engineers according to the specifications, and efforts have been made to minimize errors, but we cannot guarantee the complete correctness of the parameters. Please refer to the specification sheet!
