

# AMPIRE-320240A7 New LCD Display In Stock Highly Adaptive Good Price

|                         |  |
|-------------------------|--|
| Model                   | AMPIRE-320240A7                              |
| Category                | <a href="#">Other Industrial LCD display</a> |
| Brand                   | AMPIRE                                       |
| Model                   | 320240A7                                     |
| Display Size (Diagonal) | 5.7 inches                                   |
| Resolution              | 320 x 240 pixels (QVGA)                      |
| Display Technology      | FSTN / STN (Depending on variant)            |
| Controller IC           | Typically RA8806 or compatible               |
| Backlight Type          | LED (Long life, low power)                   |
| Interface               | 8-bit Parallel                               |
| Viewing Direction       | 6 o'clock / 12 o'clock (Standard version)    |
| Operating Temperature   | -20°C to +70°C                               |

## Note:

Invshop recommends that you inquire with the original factory or its agents about the latest production status and technical information about AMPIRE-320240A7. The product parameters displayed on Invshop are entered by Invshop engineers according to the specifications, and efforts have been made to minimize errors, but we cannot guarantee the complete correctness of the parameters. Please refer to the specification sheet!
